

Mobile Adventures and Interactive Guides for Smartphones and Tablets

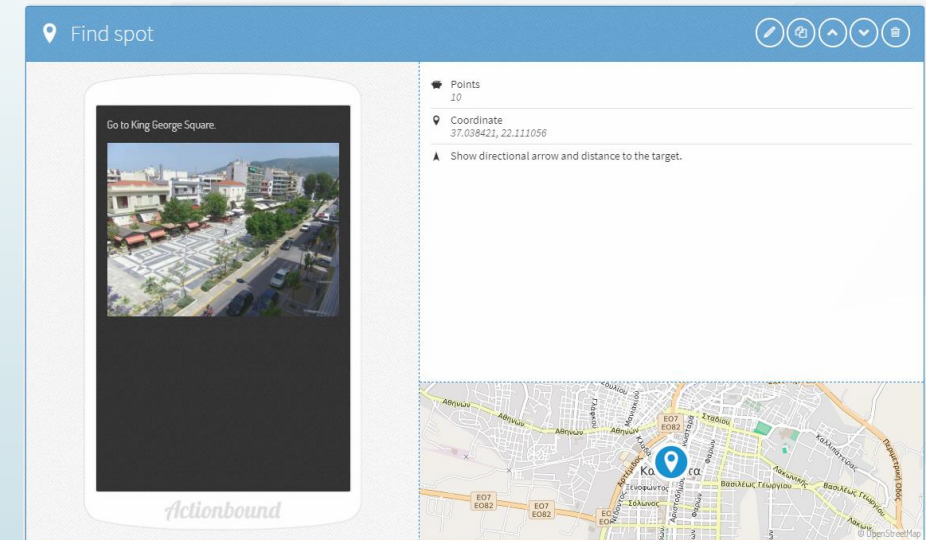

The example of Actionbound App

Actionbound

Actionbound

- Application for playing digitally interactive scavenger hunts
- It augments our reality by enhancing peoples' real-life interaction whilst using their smartphones and tablets
- Anyone can create a digital timeline of events or a places of interest tour, with the use of GPS coordinates and pre-placed codes and mysteries

Actionbound

- Excellent for ice-breaking exercises, historical or archaeological sites, or more simply presenting a vision for the future
- Publish your amazing race to others and let them play it as iPadrally, tablet tour, scavenger hunt, paper chase or treasure hunt

? Quiz

What is the most important event taking place in the Dance Megaron?

📄 Show solution if answered incorrectly.

The use in Erasmus+ KA1 courses

- Teachers play a treasure hunt at the city center
- Through the game they visit most of the places of interest (e.g. cultural sites, archaeological, local tradition, etc)
- They learn while they play (they have to answer questions for each site)
- Finally, the participants design a new treasure hunt of their choice

Learning can be fun
